They promised to defend. We promise to support.

Dear OHT Supporter,

On November 8-9, President George W. Bush hosted the 2019 Warrior 100K (W100K), a competitive mountain bike ride for United States military personnel seriously wounded or injured since September 11, 2001. The W100K, part of the Bush Institute's Military Service Initiative, showcases the courage, commitment, and resilience of post-9/11 warriors and underscores the importance of sports as part of the rehabilitation process for our men and women injured on the front lines.

Board member, Val Wilson, along with myself, were truly honored to attend this event, held on George and Laura Bush's ranch. Val took a moment to share photos, write about the details of the day, including a few interesting tidbits about our former President (take a guess at what his favorite road trip food is!), on our blog.

[Read about the W100k](#)

As always, thank you for your support!
