They promised to defend. We promise to support.

Founder's Message

Dear OHT Friend,

I hope this finds you all well and safe. These are extraordinary times where we need to do everything we can to support each other and those who are most vulnerable. I want to assure you that Team OHT is home working and following all CDC and government mandates, protocol and recommendations. Even though they may vary from state to state, the messages are clear.

We will continue to communicate with schools, teams, leagues, corporations and certainly those organizations we have supported that have veterans in need. We will help where we can.

We are still planning for Fall and it looks like it will be another tremendous year for OHT. Although things are changing by the hour, we remain hopeful that this crisis will be under better control and that we are able to return to some sense of normalcy. In the meantime, stay well.

All my best,

Dot Sheehan
Founder/CEO
