They promised to defend. We promise to support.

Dear OHT Friend,

In honor of Veterans Day, Operation Hat Trick is partnering with iSlide in their Pairs with Purpose campaign.

In [iSlide's Pairs with Purpose campaign](#), a portion of the profits from all pairs in this collection go back to multiple organizations that are helping their communities, as well as the world we live in. Each design is associated with a different cause, so be sure to check out each organization's mission in the description section.

For the month of November, iSlide has selected Operation Hat Trick as its Pairs with Purpose partner. OHT is very proud to be a part of this distinctive selection! Each pair of iSlides, like the OHT slides below, will see a portion of the profits go back to OHT, to help wounded and recovering veterans with the invisible and visible wounds of war. With the holidays around the corner, this would be a great item to purchase for gifting that also gives back to veterans. To start shopping and make a purchase with a purpose, click [here](#).

Shop to give back to veterans

Make a Statement. Make an impact. Make a contribution.
