They promised to defend. We promise to support.

Founder's Message

Dear OHT Friend,

Welcome to November, and the month when we celebrate veterans more than maybe any other time of year. BUT here's hoping we celebrate them ALL times of the year!!

I hope this newsletter finds you well and dealing with COVID as best you can. It certainly has been a challenge in so many ways and for FAR too long! For veterans, it has been especially challenging as they face more fear, anxiety, and depression. Add that to what they're already experiencing, especially if they suffer from Post-Traumatic Stress (PTS), and the number of suicides among the veteran population has soared. Regardless of their strength of spirit and dedication to country, the "demons" are bigger than they are.

Operation Hat Trick is closely monitoring those organizations with whom we've partnered that support immediate needs, and we are reacting accordingly. We are supporting organizations like [CreatiVets](#), where we recently made a donation so 37 veterans with PTS could go through their music writing program in Nashville. Armed with their guitars, veterans work with professional songwriters, and the best in the business, to tell their stories. These may be stories they have never told anyone. They may be stories that have been deeply hidden and are just now surfacing. They are stories that are gut wrenching, but through music they are able to be told and "demons" faced.

I hope you'll join me in celebrating all veterans in November and beyond. Should you choose to support OHT and help us assist more wounded

and recovering veterans in need, you can do so by making a purchase or making an individual contribution at operationhattrick.org.

Together we are making a difference and filling some critical gaps in care.

Be Well and Thank You for your continued support.

Best,
